About the Stewart Conference
The Stewart Conference on Research in Nursing was established 51 years ago in honor of Isabel Maitland Stewart (1878-1963), Director of the Department of Nursing Education at Teachers College (TC) from 1925 to 1947. Prior to assuming this position, she served as the Assistant to the Director, M. Adelaide Nutting. Miss Stewart developed the first course dealing specifically with the teaching of nursing, a course that eventually was expanded to become an entire program for the preparation of teachers of nursing at TC. The Stewart Research Conference provides a forum for all nurses, including TC students, alumni and health care professionals to share their research with nursing’s scholarly community and to learn about the latest trends and issues in healthcare.

About the NEAA Awards Luncheon
All attendees are invited to come celebrate with us at the Stewart Conference Awards Luncheon, sponsored by Teachers College Office of Alumni Relations. The following awards will be presented: R. Louise McManus Medal, Nursing Scholarship and Research, Nursing Education, Nursing Practice, Nursing Service, and Leadership in Professional and Allied Organizations. All award winners and others will be inducted into the Teachers College Nursing Hall of Fame. See www.tcneaa.org for award winners.
